Is there anything better than the giggle of a baby, or the deep belly laugh of a child who just can't stop laughing? There are countless viral videos of kids giggling, but of course, the best ones are of the people you know and love. What about you? When's the last time you laughed so hard your side ached, or your cheeks hurt because you were smiling so hard? I hope and pray for you it was recently. Proverbs 17:22 says, "A joyful heart is good medicine, but a broken spirit dries up the bones."

The phrase "laughter is the best medicine" holds a lot of truth. In an article from the Mayo Clinic they write, "Laughter enhances your intake of oxygen-rich air, stimulates your heart, lungs and muscles, and increases the endorphins that are released by your brain." Laughter can aid in helping your body feel better, but it also cheers your spirit. Laughter can also stimulate circulation and aid muscle relaxation, both of which can help reduce some of the physical symptoms of stress." So, find something to laugh at today, even if it's yourself.

Keep in Prayer
